

## DMR-FL LOCAL TECH NET SCRIPT

### NET ADVISORY

Good Evening, this is (PAUSE) (CALLSIGN, FIRST NAME), the DMR-FL Local Tech Net will begin in 10 minutes on this repeater. If you need to make a quick call, please do so now...

### NET PREAMBLE

Good Evening, this is (PAUSE) (CALLSIGN, FIRST NAME), in (CITY), on a (RADIO MODEL) with an (ANTENNA TYPE) calling the DMR-FL Local Tech Net. I will be your Net Control Station this evening. This is an informal net organized to foster communication among DMR AND BMR users as well as discussion on DMR topics to include equipment & operation. All Amateur Radio DMR Enthusiasts are invited and encouraged to check in. (PAUSE)

This net convenes Sunday evenings at 2000 hours (8:00 PM local Eastern time) on TS-2 TG-2 on the DMR-FL Local Network, and TG-31124 on the Brandmeister Network. Although this net has a NCS to control the order in which participants transmit their comments, we dispense with a lot of the net formalities and protocols not necessary in a round-robin/open style net. (PAUSE)

All DMR registered amateur radio operators are welcome to use the DMR-FL Local Network when not occupied by a scheduled net.

In the event that the W2GGI Delray Beach DMR repeater becomes non-operational, the DMR-FL Local Tech Net will be conducted on Brandmeister TG-31124. Those within range of an alternate W2GGI DMR repeater (Miami and West Palm) or another DMR repeater that supports Brandmeister TG-31124 are unaffected. (PAUSE)

At this time we are calling any Amateur Radio Stations who are short of time ONLY [SOTA]. [When initially checking into this net, please send ONLY your Call Sign Phonetically, Your Name and Location, as well as any topics/Q&A you may want to discuss this evening.](#) Please check in now.

*Instruction:* Pause for Check-Ins and recognize them.

At this time I will do a roll call of regular check-ins to our net. All others please stand-by.

*Instruction:* Pause for Check-Ins and recognize them.

Net Control recognizes [*Call Sign*]. Name, and location. (PAUSE)

1. *Instruction:* Pause for Check-Ins and recognize them.
2. *Instruction:* Review Check-In Log (so far)

## DMR-FL LOCAL TECH NET SCRIPT

### NET BODY [Info/Messages, Projects/Questions, comments]

There is no time limit on this net. Our goal is expand DMR Amateur Radio and assist DMR enthusiasts. (PAUSE)

This evening's net will be organized as follows:

1. Topic Discussion and /Q&A)
2. Radio and Repeater Equipment "Swap-net"
3. Final comments, announcements and 73s

### EPILOGUE - CLOSING THE NET

This is (PAUSE) **(CALLSIGN)** Net Control for this evening's net. Before we close tonight, is there anyone who has not already checked-in who would like to check-in at this time? This is the last call for net check-ins. (PAUSE)

*Instruction:* Pause for late check-ins and recognize them.

Are there any questions or comments regarding the announcements, or general discussion on the net tonight? Also, any suggested topics for next week? (PAUSE)

This is (PAUSE) **(CALLSIGN)** I would like to thank all participating stations for your time and cooperation as well as the information shared.

Don't forget that there are other regional and international DMR nets

- DMR Track Net (TG-31489) 2100L, Sundays
- NA Tech Net (TG-3) 2100L, Wednesdays
- WW DMR Net (TG-1) 1200L, Saturdays [1700 UTC Wntr/1600 UTC Smr]

(PAUSE)

This is (PAUSE) **(CALLSIGN)** closing the DMR-FL Local Tech Net at 20:\_\_\_ hours and returning this channel and associated DMR repeater to normal operations. 73 to all. **(CALLSIGN)** Clear
