

NEW DMR-FL TECH NET SCRIPT

PRE-NET ADVISORY-19:30

Good Evening, this is **(CALLSIGN, FIRST NAME)**, the DMR-FL Tech Net will begin in 30 minutes. We will conduct Pre-Net Check-Ins at this time. SOTO and mobile stations may also check-in. **No Ghost or Proxy Check-Ins, please. You can only check-into this net for yourself.**

NET PREAMBLE-20:00

Good Evening, this is **(CALLSIGN, FIRST NAME)** calling the DMR-FL Tech Net. I will be your Net Control Station this evening. This is an informal net, hosted by the Boca Raton Amateur Radio Association in cooperation with the Gold Coast Amateur Radio Association. We organized to foster open communication among DMR and BMR users as well as a constructive discussion and/or critique of DMR topics to include equipment & operation. We are friendly folks. All Amateur Radio DMR Enthusiasts are invited and encouraged to check in. (PAUSE)

Collectively, we have a commitment to improve the visibility of Amateur Radio as a positive force in the community by assisting in emergencies, and providing and encouraging training; as well as furthering club activities for the betterment of the membership and the Amateur Radio Service.

This net convenes Sunday evenings at 2000 hours (8:00 PM local Eastern time) on TG-**3112529** which can be accessed on a number of local, regional and world-wide repeaters as well as other hotspot and similar devices with links to the Brandmeister network. In the event that we lose our local repeater connection, (either you or me) this net can be accessed on TG-**3112529** on the Brandmeister Network using a linked hot spot or similar internet accessible device. (PAUSE)

Although this net has an NCS to control the order in which participants transmit their comments, we dispense with a lot of the net formalities and protocols not necessary in an open style informal net. Weekly check-in lists maybe viewed on the BRARA website - www.brara.org. (PAUSE)

At this time, we will begin a scheduled Net check-in starting with any Stations whose call sign begins with **ALPHA** (example AA1EE). **No Ghosts or Proxies, please.** When initially checking into this net, please send ONLY your Call Sign Phonetically, Your Name and Location, as well as any topics/Q&A you may want to discuss this evening. **ALPHAs** please check in now. All others please stand-by.

At this time, we will take check-ins from any Stations whose call sign begins with **KILO** (example K4BH). **KILOs** please check in now. All others please stand-by.

NEW DMR-FL TECH NET SCRIPT

At this time, we will take check-ins from any Stations whose call sign begins with **NOVEMBER** (example N1QFH). **NOVEMBERs** please check in now. All others please stand-by.

At this time, we will take check-ins from any Stations whose call sign begins with **VICTOR** (example VE1PJW). **VICTORS** please check in now. All others please stand-by

At this time, we will take check-ins from any Stations whose call sign begins with **WHISKEY** (example W4AEQ). **WHISKEYs** please check in now. All others please stand-by.k

At this time, we will take check-ins from those stations using a hot-spot or similar device, who have not been able to check-in. I will give you 30 seconds for internet latency issues.

At this time, we will take any other check-ins from all other Stations to include **Late and Out-of-Sequence** Check-Ins. **No Ghost or Proxy Check-Ins, please. You can only check-into this net for yourself.** (Pause for Check-Ins and recognize them)

NET BODY [Info/Messages, Projects/Questions, comments]

There is no time limit on this net. Our goal is to expand DMR Amateur Radio and assist DMR enthusiasts. We entertain: sharing of pertinent information; related discussion topics: and questions & answers,(PAUSE)

EPILOGUE - CLOSING THE NET

This is (PAUSE) **(CALLSIGN)**. Before we close tonight, is there anyone who has not already checked-in, who would like to check-in at this time? This is the last call for net check-ins. (PAUSE)

This is **(CALLSIGN)** I would like to thank all participating stations for your time and cooperation as well as the information shared. Don't forget to support these other DMR/BMR nets
